## TAS Group Achieves Oracle PartnerNetwork Cloud Standard Designation

**Rome, July 26 2016** - TAS Group, the Italian Finance Industry collaborator in Payments, Securities and ERP projects and a Gold level member of Oracle PartnerNetwork (OPN), today announced it has achieved the Cloud Standard designation within the OPN Cloud program.

The OPN Cloud program enables members to showcase their expertise, skills and investment in Oracle Cloud, as well as differentiate themselves with Oracle's integrated cloud applications and platform services.

To achieve the Oracle Cloud Standard designation, TAS Group has demonstrated skills and expertise specializing in Oracle Cloud Applications, developing vertical applications for availability within the Oracle Cloud Marketplace, as well as consulting several Service sector companies in multiple industries to gain the most from Oracle Service Cloud subscriptions.

*"Cloud technology is a disrupting enabler of efficiency and affordable innovation, especially in the ERP space where it becomes key in modernization and migration projects aimed at transforming how internal users and customers interact with the company's core business processes,"* explains Giuseppe Franzini, TAS Group's Director of the xtdERP Business Unit. *"We have been impressed and inspired by Oracle's acceleration and commitment around Cloud, and strongly believe in the power of the complementary collaboration between TAS and Oracle."*

TAS Group has been operating in the ERP space for more than 20 years with its own proprietary platform, acquiring relevant customers in various sectors; from Finance through Insurance, Transport, Utility, Public Administration and more. Market globalization and centralization of administration and accounting processes at SEPA level have lead TAS Group to change its business model in the past three years, embracing the Oracle technology and Oracle Application Framework to become a value added integrator and business specialist of cloud ERP propositions.

All other Business Lines of TAS Group's offering, focused on Payments and Capital Markets, are also leveraging Oracle technology expertise to adapt core solutions to be

deployed for private, public or hybrid cloud based fruition.

[Oracle Cloud](#) is the industry's broadest and most complete public cloud, delivering enterprise-grade services at every level of the cloud technology stack including software as a service (SaaS), platform as a service (PaaS), infrastructure as a service (IaaS), and data as a service (DaaS).
